

The 2nd Annual **CNG-NGV ASIA PACIFIC FORUM**

“Building effective partnerships to promote **CNG-NGV** throughout Indonesia”

3 - 5 August 2009, **The Shangri-La Hotel, Jakarta, Indonesia**

CNG - NGV ASIA PACIFIC FORUM

CNG-NGV ASIA PACIFIC FORUM

The growth of the CNG and NGV market within Indonesia over the last year has been more than just positive.

An energy-rich nation touted to be a major player in the CNG and NGV scene - with ample natural gas reserves, a dedicated push to reduce emissions and the government's support for the use of alternative fuel for public transportation - , 2009 has seen various CNG and NGV projects developed in major cities including Surabaya, Bogor and Palembang. The strong support from both central and regional governmental bodies has made Indonesia into an “unmissable” destination to implement CNG and NGV projects.

The 2nd Annual **CNG-NGV Asia Pacific Forum 2009** dedicates itself to provide the right decision makers with the right projects in the right place at the right time.

Effective Partnerships is the main driver to success and this year's event will bring together more local stakeholders from various provincial cities to collectively implement and adopt CNG usage and NGV within their provinces.

Don't miss out on key insights and advice from these industry experts:

Ir. H Eddy Santana Putra MT
MAYOR OF PALEMBANG CITY

Michael Baskoro
Chief Operating Officer & Commercial
PT PERUSAHAAN GAS NEGARA (PERSERO) TBK (tbc)

Agus Sugiarto
President Director, **JAKARTA TRANS METROPOLITAN**

Septo Adjie Sudiro,
Chairman, **APCNGI**

Robby Sukardi,
Director, **PT PETROSS**

Alexander Johan Widjaja
President Director, **PT ZEBRA NUSANTARA TERBUKA**

Muazzam Hussain, *Executive Director (CNG)*,
OIL AND GAS REGULATORY OF PAKISTAN (OGRA)

Lee Giok Seng,
Executive Director, **ANGVA**

The 2nd Annual
CNG-NGV ASIA PACIFIC FORUM
 "Building effective partnerships to promote CNG-NGV throughout Indonesia"
 3-5 August 2009, **The Shangri-La Hotel, Jakarta, Indonesia**

Day Three - 5 August 2009

09:00

OVERVIEW OF CNG CYLINDER SAFETY

11:00

This interactive and informal lecture and discussion will cover the general overview of safety issues coupled with in-depth discussions on cylinder safety. Among the topics to be covered include cylinder handling, installation and inspection. This open discussion will share knowledge and experience of cylinder safety issues and challenges relating to NGV.

Facilitated by Lee Giok Seng, *Executive Director*, **ANGVA**

14:00

SITE TOUR

16:00

Delegates will have a unique opportunity to see first-hand a CNG refuelling infrastructure within Jakarta. Although CNG-NGV facilities and infrastructure are mostly in its infancy stage, the development of new CNG-NGV projects in Indonesia and its provinces continue to fuel the output of this dynamic industry.

ABOUT ANGVA

ANGVA (Asia-Pacific Natural Gas Vehicles Association) was established in 2002 and inaugurated as an international organization dedicated to the development of a growing sustainable and profitable market for vehicles powered by natural gas and hydrogen. ANGVA provides NGV related information to members and helps members to communicate and share their experiences for improving the NGV industry in their countries. Moreover ANGVA is dedicated to developing an industry with highest technical and safety standards covering the entire Asia Pacific region. ANGVA also involves the leadership of the NGV community to influence activities and policies that provide increased market opportunities. Servicing the needs of fleet operators, equipment suppliers, vehicle manufacturers, gas suppliers, refueling equipment providers, Government and Non- Government Agencies, consultants and others, ANGVA is the focal point of the natural gas vehicles industry in this region. For more information, visit www.angva.org or contact Ms Norhafiza at norhafiza@angva.org

WHO SHOULD ATTEND

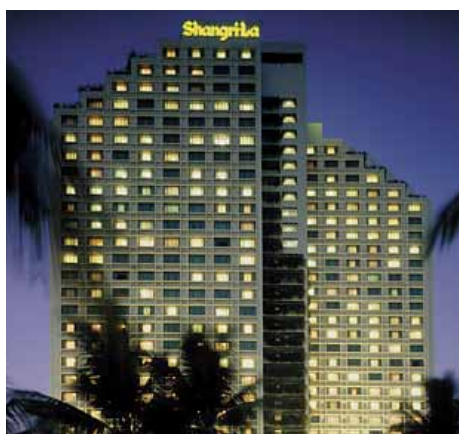

Urban Transport/Transport Authorities; Oil and Gas Companies; CNG Equipment Suppliers; Cylinder manufacturers; OEM Engine and Conversion Kit Manufacturers; Compressors and Dispensers Suppliers; Auto and Parts Engineers/Technicians; LNG Suppliers; Gas Distributors; Gas Analyst; Gas Planners; Pipeline Owners; Pipeline Equipment Suppliers; Researchers; Renewable Pioneers; Railway Authorities; Rolling stock suppliers; Transport Planners; Environmental Planners; Clean Fuel Advocators; Taxi/Bus/Garbage Truck/Tutuk Companies.

And Anyone Involved in CNG and NGV.

WHY SPONSOR

The 2nd Annual CNG-NGV ASIA-PACIFIC FORUM 2009 forum will provide you with the one dedicated and strategic platform to meet gas buyers, sellers, OEMs, cylinder manufacturers, conversion kit distributors, contractors, and governmental authorities who have a stake in the Indonesian market. To achieve CNG and NGV buy-in, adaptation and implementation success in the ever-growing Indonesian market, you need to meet the right person. By taking an active role in this event, you will not only receive the latest industry updates but also the rare opportunity to meet potential business partners in one singular setting. If you are interested to take advantage of such publicity and branding opportunities, please contact:

melissa.francisco@alleventsgroup.com
for more information.
